

SENSATIONAL summer services

This is your season to relax, reenergize and glow. We make it easy at award-winning Canyon Ranch SpaClub.[®] Select one luxurious spa service, or spend the day with a two-service package that includes breakfast or lunch at Canyon Ranch Grill.[™]

SENSATIONAL SCRUB

Polish your body with a delectable blend of refined sugar, shea butter, organic extra virgin olive oil and vanilla extract, scented with lemon and florals. The 50-minute treatment finishes with an application of Limoncello Olive cream; the 100-minute service includes a full-body massage.

AÇAÍ BERRY MASSAGE

Açaí berry, an antioxidant-rich gift from the Amazon rainforest laden with super skin-restorative properties, makes this massage perfection. We've added natural mangosteen fruit to aid in the fight against free-radical damage.

AROMATHERAPY RESTORATIVE FACIAL

Reduce the signs of aging and repair your skin with natural oils of Inca inchi, larch extract, pomegranate and rosehip seed oil. After a cleansing and defoliation, two masks will be applied to your skin, with rose gel to hydrate and strawberry seed and frankincense to firm and plump. You'll leave with younger, healthier-looking skin.

FOOT SCRUB WITH MANGOSTEEN (Treatment Enhancement)

A refreshing foot scrub that will banish the signs of summer – dry feet and rough heels! Add this enhancement to any service.
